ShanMukha MITR Labs

Mobile Healthcare Service Delivery Platforms

Winner of IIFS 2020

Winner of Smart Bio Awards 2020
Bengaluru Tech Summit

ShanMukha Innovations has developed Mobile Infection Testing and Reporting Labs (MITR Labs) in collaboration with Indian Institute of Science, Bangalore. These mobile labs are **ICMR approved** and provide end to end RT-PCR/CRISPR testing/vaccination capability of **3000 samples/day**. MITR Labs enable scaling up testing and reduce turnaround times for reports thereby supporting pandemic control measures.

20+ MITR Labs are already deployed and operational across multiple states in India with different operational partners. MITR Labs have received several awards from State and Central government departments. We are also exporting mobile labs to Asian and African countries. We have expertise to design and deliver customized mobile healthcare vehicles such as ambulances, blood donation vans & dialysis units.

Our Clients : Govt of Sri Lanka ,Govt of Nepal, AIIMS New Delhi – India, Bangalore city corporation - India, United way (NGO)- India),RGCA - Govt of India , State Forensic Laboratory Govt of Karnataka - India
